Re: PACIFIC ADAPTATION TO CLIMATE CHANGE FULL SIZED PROJECT

Dear Mr. Takesy,

On behalf of the Government of the Republic of Palau, and, in my capacity as GEF Operational Focal Point, the Government of the Republic of Palau wishes to pledge USD 1.602 million as co-financing support for the PACC project. The development activities in the food production and food security sector the government will use as parallel co-financing to build resilience to climate change under the PACC are:

- Protected Areas Network Support 2008-2012
- Palau Community Research and Extension Support Programme 2008-2012
- Palau Community Action Agency 2008-2012
- Ngatpang State Government Policy Support 2008-2012
- Government In-kind contribution 2008-2012

We look forward to the GEF's approval of this most important project to support our climate change adaptation effort at the national and community level.

Sincerely,

Ms Yousan Bells
