Dear Asterio,

Re: PACIFIC ADAPTATION TO CLIMATE CHANGE FULL SIZED PROJECT.

On behalf of the Government of Tonga, and in my capacity as GEF Operational Focal Point, the Government of Tonga wishes to pledge USD 1.5 million as co-financing support for the PACC project. The development activities in the water resources management sector the government will use as parallel co-financing to build resilience to Climate Change under the PACC are:

- Groundwater monitoring/Geology Department Operational budget
- AusAid adaptation funding
- Canada and Japan funded water tanks for community rainwater harvesting support
- Office Space

We look forward to the GEF's approval of this most important project to support our Climate Change adaptation effort at the national and community level.

Sincerely,

Dr. Sione N. Halatuituia
GEF Operational Focal Point
Ministry of Land, Survey, Natural Resources and Environment
Tonga.
