

PACC - Workshop
29th – 3rd of July 2009
SPREP

Anne Rasmussen
Samoa

Outline

National Policies

- SDS – Sustainable Development Strategy
- Climate Change Policy
- NAPA
- CIM PLANS

Priority Adaptation Needs –NAPA

Priority	Sector	Project Profile
1	Water	Securing Community Water Resources
2	Forestry	Reforestation and Rehabilitation and Community Forest Fire Prevention Program
3	Health	Climate Health Program
4	Climate Services	Climate Early Warning System
5	Agriculture	Agriculture and Food Security Sustainability
6	Land use Planning	Zoning and Strategic Management Planning
7	Coastal Ecosystems	Implementing CIM Plans for Highly Vulnerable Districts
8	Environment	Establishing Conservation Programme in highly Vulnerable Marine & Terrestrial Areas
9	Tourism	Sustainable Tourism Adaptation Program

Institutional Arrangements

Co – Financing

Pilot Demonstration, Projects

Priorities	Sectors	Project Profile	Est. Cost	Funding Source
4 7	Climate Coastal	Early Warning System Coastal & River Protection	USD 800,000	GEF/ UNDP/ SPREP

Integrated Climate Change Adaptation in the Coastal Sector – NAPA2 Framework

Project Component	Outcomes	Est. Budget (USD)
Climate Services	<ul style="list-style-type: none"> ○ Climate system upgraded to support early warning in the coastal sector ○ Climate reports developed for sea level rise, high tide and tropical cyclones in coastal areas 	100,000
Coastal Protection	<ul style="list-style-type: none"> ○ Improved resilience for coastal communities through coastal protection at: <ul style="list-style-type: none"> - Gataivai - Savaii - Salelavalu - Savaii - Lotofaga - Upolu - Tafitoala – Upolu 	420,000
River Protection	<ul style="list-style-type: none"> ○ Improved resilience for coastal communities through river protection at: <ul style="list-style-type: none"> - Fuluasou River – Vailoa Faleata - Vaisigano River – Apia 	200,00
Project Management		80,000
Total		800,000
