Date of submission:	

Please provide summary information on the process by which this report has been prepared, including information on the types of stakeholders who have been actively involved in its preparation and on material which was used as a basis for the report

This report has been prepared through consultations by the Forestry Division of the Ministry of Agriculture, Forests, Fisheries & Meteorology and the Environment Division of the Department of Lands Survey & Environment. Looks Like Environment Division has the same survey and I do not know whether these Survey questionnaire are focused on the same objective.

Decision IV/7 on Forest biological Diversity

1. What is the relative priority afforded to implementation of this decision by your country?			
a) High	b) Medium	<input checked="" type="checkbox"/>	c) Low
2. To what extent are the resources available adequate for meeting the obligations and recommendations made?			
a) Good	b) Adequate	<input checked="" type="checkbox"/>	c) Limiting
d) Severely limiting			

3. Has your country assessed the status and trends of its forest biological diversity and identified options for its conservation and sustainable use? (Decision IV/7, paragraph 12)

a) no	
b) assessment underway (please give details below)	<input checked="" type="checkbox"/>
c) assessment completed (please give details below)	
d) not relevant

4. Has your country requested assistance through the financial mechanism for projects that promote the implementation of the focused work programme on forest biological diversity? (Decision IV/7, paragraph 7)	
a) no	<input checked="" type="checkbox"/>
b) yes (please give details below)	

Programme element 1: Holistic and inter-sectoral ecosystem approaches that integrate the conservation and sustainable use of biological diversity, taking account of social and cultural and economic considerations

5. Has your country identified methodologies for enhancing the integration of forest biological diversity conservation and sustainable use into an holistic approach to sustainable forest management at the national level? (Work Programme, paragraph 13)	
a) no	
b) yes - limited extent (please give details below)	<input checked="" type="checkbox"/>
c) yes - significant extent (please give details below)	
d) not applicable	
6. Has your country developed methodologies to advance the integration of traditional forest-related knowledge into sustainable forest management, in accordance with Article 8(j)? (Work Programme, paragraph 14)	
a) no	
b) yes - limited extent (please give details below)	
c) yes - significant extent (please give details below)	<input checked="" type="checkbox"/>

- Only done on village levels through Awareness Workshops & group meetings
High Chiefs, Workers Committee etc.
especially areas which the Projects are implemented.

12. Has your country promoted activities to minimize the impact of harmful alien species on forest biological diversity? (Work Programme, paragraph 32)

a) minimal activity	<input checked="" type="checkbox"/>
b) yes - limited extent (please give details below)	
c) yes - significant extent (please give details below)	
d) not relevant	

13. Has your country identified means and mechanisms to improve the identification and prioritisation of research activities related to influences of human activities, in particular forest management practices, on forest biological diversity? (Work Programme, paragraph 33)

a) minimal activity	
b) yes - limited extent (please give details below)	<input checked="" type="checkbox"/>
c) yes - significant extent (please give details below)	
d) not relevant	

14. Does your country hold research results and synthesis of reports of relevant scientific and traditional knowledge on key forest biological diversity issues and, if so, have these been disseminated as widely as possible? (Work Programme, paragraph 34)

a) not relevant	
b) some relevant material, but not widely disseminated	<input checked="" type="checkbox"/>
c) significant material that could be more widely disseminated (please give details below)	
d) yes - already widely disseminated (please give details below)	

15. Has your country prepared case-studies on assessing impacts of fires and alien species on forest biological diversity and their influences on the management of forest ecosystems and savannahs? (Work Programme, paragraph 35)

a) no - please indicate below whether this is due to a lack of available case-studies or for other reasons	<input checked="" type="checkbox"/>
b) yes - please give below any views you may have on the usefulness of the preparation of case-studies for developing a better biological understanding of the problem and/or better management responses.	

Programme element 3: Methodologies necessary to advance the elaboration and implementation of criteria and indicators for forest biological diversity

16. Has your country assessed experiences gained in national and regional processes, identifying common elements and gaps in existing initiatives and improving indicators for forest biological diversity? (Work Programme, paragraph 43)

a) minimal activity	
b) yes - limited assessment made (please give details below)	<input checked="" type="checkbox"/>
c) yes - significant assessment made (please give details below)	
d) not relevant	

- Not Much Exposure to Regional processes
- 7 - but National level yes.

17. Has your country carried out taxonomic studies and inventories at the national level which provide for a basic assessment of forest biological diversity? (Work Programme, paragraph 43)

a) minimal activity	
b) yes - limited assessment made (please give details below)	<input checked="" type="checkbox"/>
c) yes - significant assessment made (please give details below)	
d) not relevant
