

Igoa Samoa :

# To'ito'i

Common Name :

## Beach Naupaka

Scientific Name :

### *Scaevola taccada*

E fa'aogā le pa'u ma lau o lenei la'au i vai Samoa. E ola feti'iti'i ma faigata ona lia'ina i tafega o le oneone ma galu. E aogā tele e fai ma 'aupā e puipuia ai 'autafa o auala ui po'ó auala 'alo.

The bark and leaves of this shrub are used in traditional Samoan medicines. This shrub forms dense thickets. It can survive shifting sands and wave inundation. It is also useful to direct foot traffic to designated walkways.
