

Seacology Projects Around the World

255 projects on **152** islands in **54** countries,
preserving **more than 1.4 million** acres of terrestrial and marine habitat

Seacology's Goal

Help **islanders**
protect their
environments and **cultures**

Why Seacology is special

- We work only on islands
- We always work with local people
- We listen

Seacology in Micronesia

- 23 projects in the region
- Since 1999

Onongoch, Fefen Island, Chuuk

- Build community hall, install water tanks, toilets
- Protect 15-acre upland forest

Onongoch, Fefen Island, Chuuk

After Typhoon Maysak, March 2015

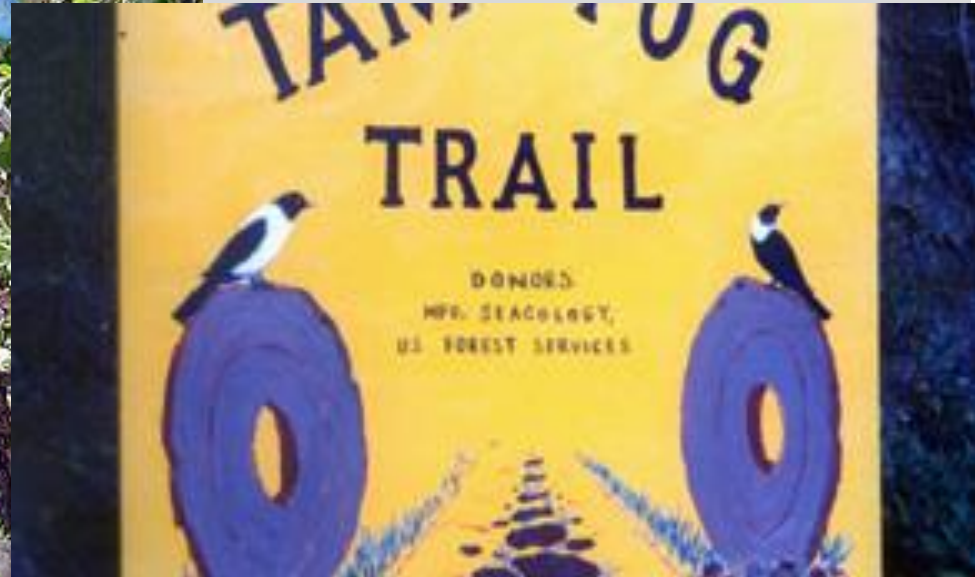

- Maintenance grant for repairs of typhoon damage to Seacology-funded tanks

Nanwap, Pohnpei

- Build community and education center
- Protect 300-hectare marine area for 10 years

Yap

- Repair stone trail
- Establish 75-acre Dalipebinaw forest reserve

Awak, Pohnpei

- Build youth development and education center
- Set aside 308-acre permanent forest reserve

Qokaaw and Kadaay, Yap: 2010

- Build surveillance platform
- Establish 46-acre permanent mangrove sanctuary

Qokaaw and Kadaay, Yap: 2015

- Small grant for repairs and maintenance

Namdrik Atoll, Marshall Islands

- Build education and surveillance center, buy pearl farming equipment
- Protect 35-hectare marine area for 10 years

Palau

- Conserve 1,500-acre Taki Conservation Area permanently
- Build boardwalk

Tanzania

- Construct water cistern, support community awareness program
- Protect endangered turtles and 300-hectare mangrove forest for 10 years

Tanzania

- Construct a kindergarten
- Protect a 600-acre marine area for 20 years

Madagascar

- Construct ecotourist welcome centers
- Protect 4,448 acres of threatened forest for 20 years

Tonga

- Replace Seacology-funded community hall destroyed by cyclone

Philippines

- Construct guardhouses
- Establish 1,317-acre marine protected area for 25 years

Who Can Apply

- Any community which has recently implemented a protected area or is planning to implement a protected area.
- Local environmental NGO's can apply on behalf of communities and assist them with project implementation

Types of Protected Area

- Protected areas can be marine or terrestrial or a mix of both. Mangrove is classified as terrestrial.
- Protection should be for a minimum of 10 years up to perpetuity (forever)
- Size of the protected area is not too important but it should be significant to the community and also the environment

How to Apply

- Email Simon Ellis at microellis@gmail.com to begin discussions
- Submit a 1-2 page concept containing the following
 - State or island
 - Name of applicant (CBO, NGO, local government etc.)
 - Type of protected area (marine or terrestrial)
 - Size of protected area (acres or hectares)
 - Number of years of protection (minimum 10 years)
 - Type of reciprocal project requested by the community
 - Basic budget (3-4 lines including main cost items)
 - Map if possible

How to Apply Cont.

- Following approval of the concept a full proposal is developed with Seacology staff
- The project is then voted on by the Seacology board during semi-annual meetings
- Following approval a Conservation Agreement is signed by key community members
- A grant agreement is signed and funds are transmitted by wire transfer to begin work

What Seacology can fund

- Just about any structure that the community wants with the exception of religious buildings. This could be ecotourism buildings, meeting house, dispensary, guard house
- Signage, walkways, alternative livelihoods, water piping/tanks, certain durable equipment such as surveillance or farming equipment, kayaks

What Seacology CANNOT fund

- **ANYTHING THAT'S FUN!!**
- Salaries. Some funds can be used to pay for expert craftspeople where necessary
- Motorized vehicles – boats and cars/trucks
- Academic programs, travel, research, workshops or conferences
- Renewable energy projects must show capability for maintenance and proper disposal of batteries
- WMD

Funding Levels

- Projects range from \$5,000 to \$35,000.
- Applicants can apply for 10% administrative costs which must be part of the total budget.
- Past applicants can also apply for funds to maintain their past projects. Generally in the range of \$5000 although higher amounts may be granted.
