National Climate Change Policy

- Endorsed in January, 2012

PACIFIC ADAPTATION TO CLIMATE CHANGE

www.sprep.org/climate_change/pacc

With support from UNITAR C3D+ Programme

Rationale

- For Fiji to cope with the impacts of climate change by strengthening institutional and legal frameworks, providing sound scientific information and implementing effective awareness and education initiatives;
- To maximize access to and secure globally available funding for Climate Change Mitigation and adaptation efforts;
- To strengthen Fiji's support towards neighbouring PI countries that are highly vulnerable to the impacts of climate change;
- To strengthen engagement in international climate change policy processes and fulfil obligations on climate change mitigation and adaptation.

Purpose

- To support the implementation of Fiji's roadmap for democracy and sustainable socio-economic development 2009 – 2014 under the People's Charter for Change Peace and Progress;
- To promote integration of climate change issues in National Planning, Budgeting and Implementation processes;
- To provide guidance on Government's responses to climate change issues;
- To guide sectors to develop appropriate climate change adaptation and mitigation strategies;
- To support request to regional and international agencies to provide resources and assistance in addressing climate change issues;
- To contribute to Pacific Regional Action and to meeting international commitment.
