

PACC Snapshot 3

Building Resilience to Climate Change

Taito Nakalevu, PACC RPM

June 3rd, 2009 Update

I pray that this 3rd PACC Snapshot reaches you in good health and work is progressing well wherever you are.

PACC Inception Meeting

Let me remind us again that the PACC Inception Meeting is about three weeks away. For those that have not provided SPREP with their nominations, can you please do so at the earliest so that arrangements can be made in good time.

I attach again for your information the letter of invite and the agenda.

Preliminary deliberations

During the Negotiations meeting held at the SPREP premises on the week of the 11th May, several PACC Focal Points were present and a preliminary discussion was carried out on the side of that meeting.

One of the issues discussed was the salary of the PACC Coordinator. The meeting was informed that the salary range for the PACC NC would be up to USD17,000 per annum. Hopefully, this will help attract some senior officers to coordinate the project at the national level.

SPREP

Secretariat of the
Pacific Regional
Environment Programme

PO Box 240, Apia, Samoa
E: sprep@sprep.org
T: +685 21929
F: +685 20231
W: www.sprep.org

Further deliberation on the PACC NC issues can be carried out during the Inception Meeting.

Country Presentation

For those that will be attending the Inception Meeting, you will be requested to prepare a short paper and a power point presentation on adaptation efforts in your country and how it may be linked to the PACC project. Attached to this snapshot is a template that provides pointers to your paper and presentation.

Ends.....!
