UTO NI YALO TRUST
— FIJI —

The most significant artifact in the history of the Pacific is the canoe. Our ancestors were craftsmen of a stone-age culture who successfully carried out what is considered a monumental human achievement in the migration and settlement over an awesome expanse of the Pacific Ocean.

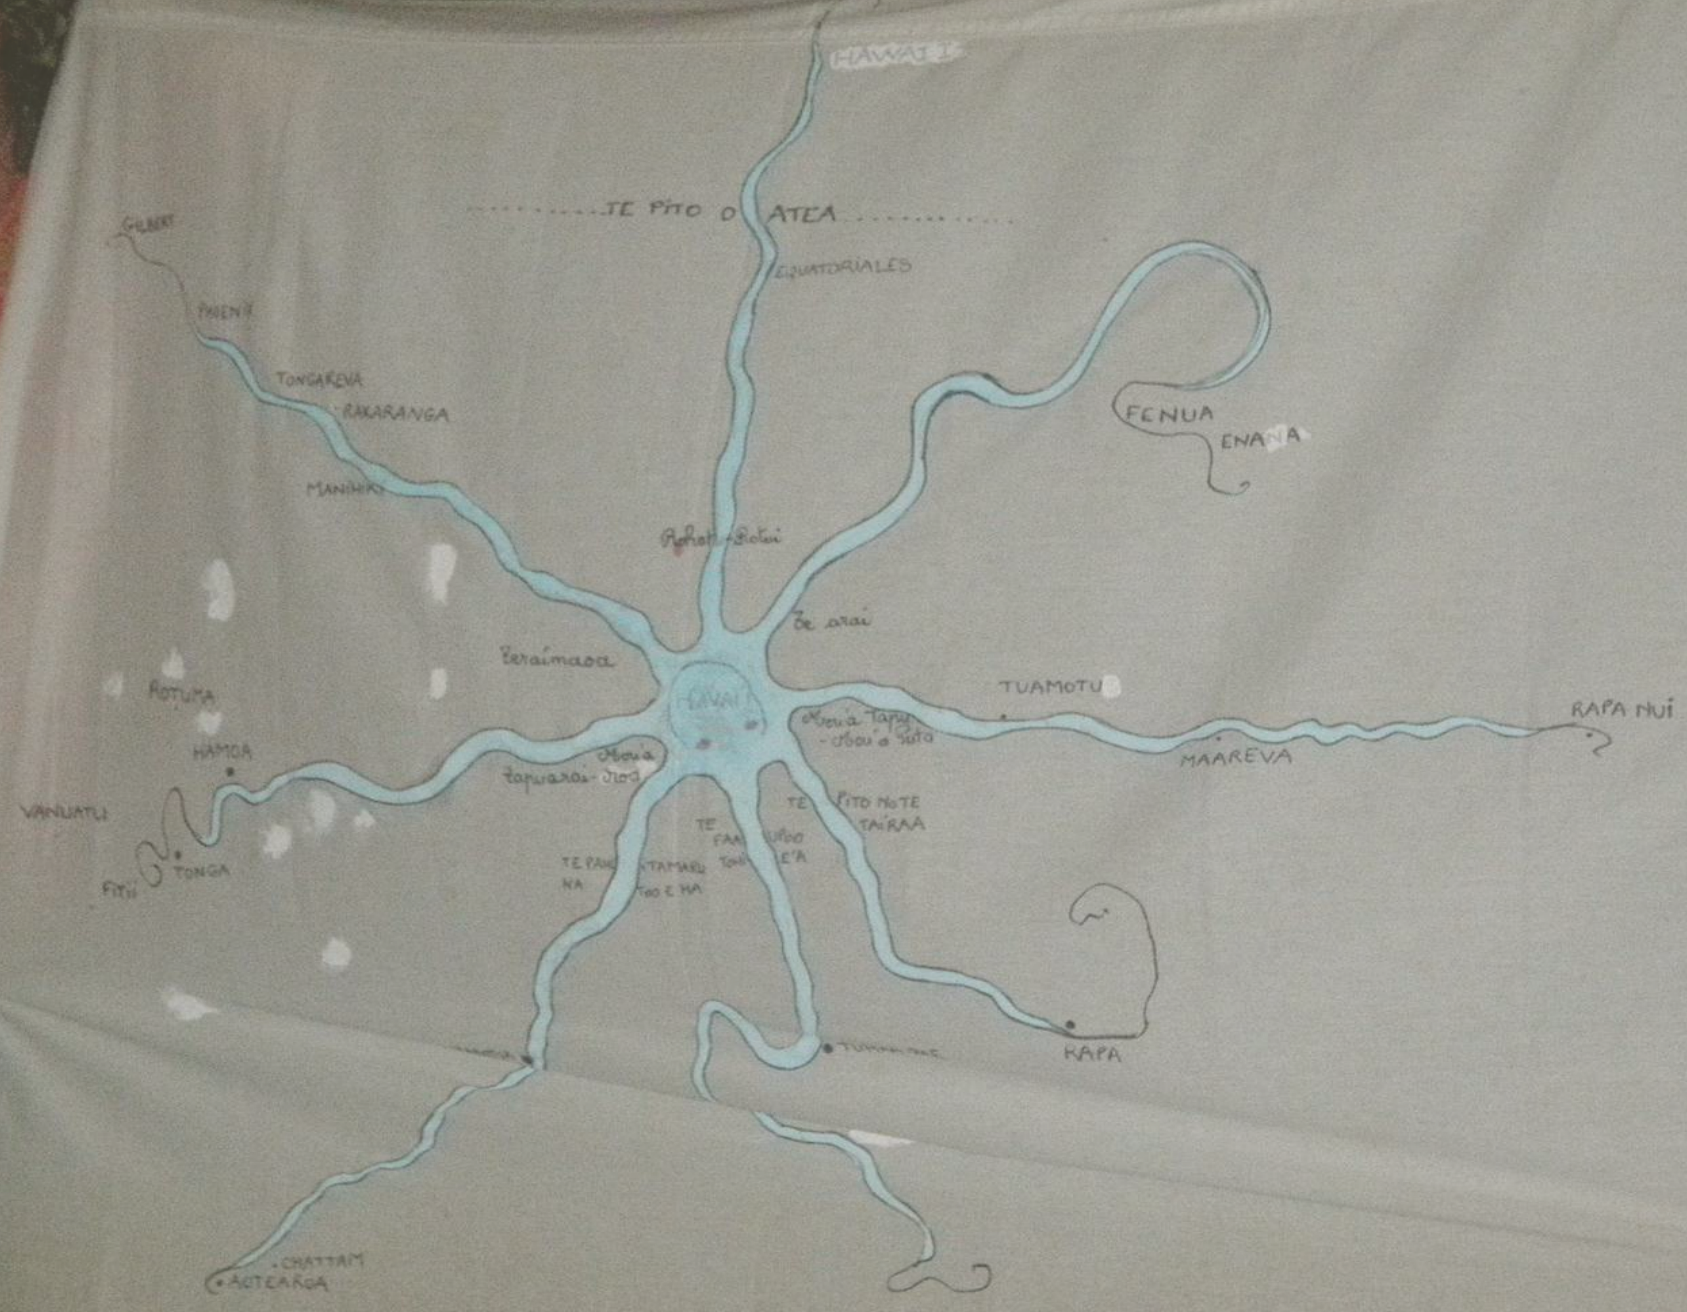

We are the Ocean

“We should not be defined
by the smallness
of our islands,
but by the greatness
of our oceans.
We are the sea,
we are the ocean.
Oceania is us”

- ‘Epeli Hau’ofa

Our Waste Management Program

Youth + Education = Change

Inspiring Communities

Plastic waste in relation to health

Our reach to date

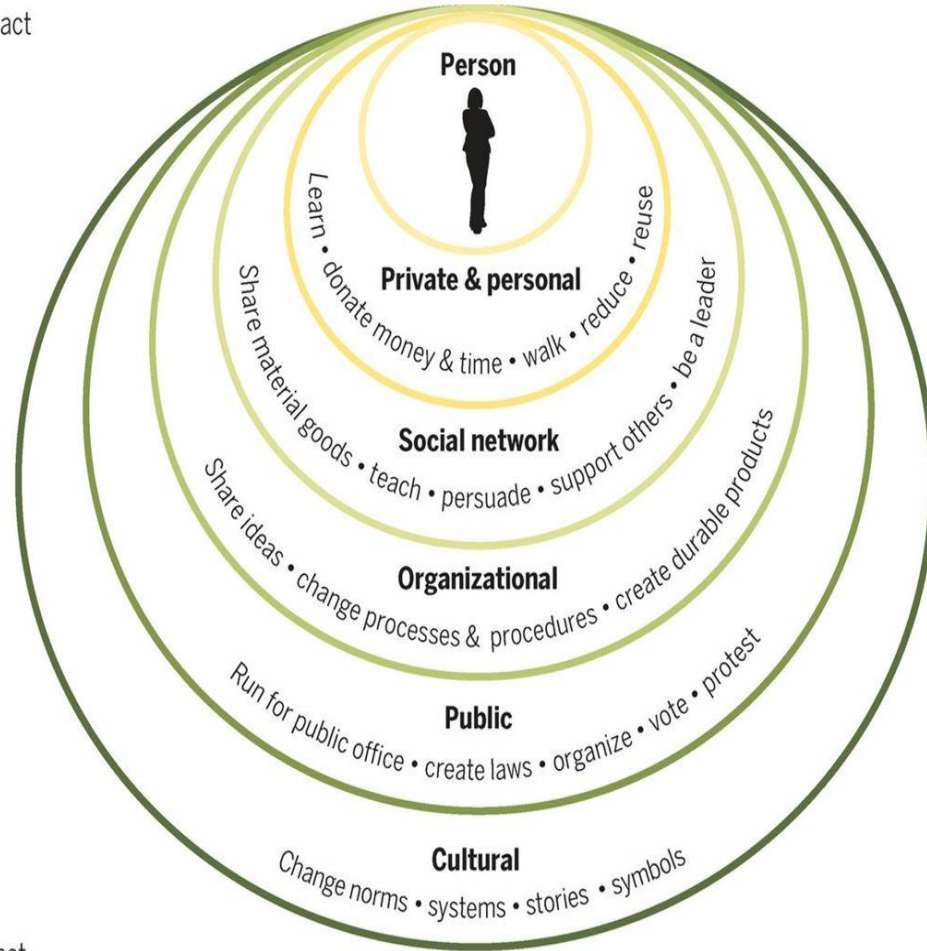

- 14 islands
- 25+ Communities
- 6000+ kg's
- 2670 nautical miles
- 5000 kilometres
- 200+ volunteer crew

Circles of Influence

Smallest impact

Largest impact

\$180bn investment in plastic factories feeds global packaging binge

Colossal funding in manufacturing plants by fossil fuel companies will increase plastic production by 40%, risking permanent pollution of the earth

Life on our planet is
defined by the health
of our ocean

Nainoa Thompson

It will take the collective will of all Pacific Islanders
young and old to make the cultural changes needed to
address the Pacific's waste issues
