

Wanem na Nagoya Protocol?

Nagoya Protokol long Akses an Benefit- Sharin hem wanfala adisinal treaty olketa adoptem under long care blong disfala convention long biology diversity (CBD) long Nagoya , Japan long 29 October 2010.

Seven fala kantri long Pasifik nao i party long disfala protocol kasem tude. Olketa nao olsem Federated State of Micronesia, Fiji, Palau, Republic of the Marshall Islands, Samoa, Tuvalu, an Vanuatu.

Samting abaotim Convention long Biological Diversity

CBD hem garem three fala main objectives long hia:

1. Protectim biological diversity;
2. Maintainim use long olketa component blong biological diversity; an
3. Fair an equal share from benefit long yus blong genetic resources.

Nagoya Protocol hem like fo promotim nao olketa objectives blong disfala Convention.

Why nao yumi garem Nagoya Protokol?

Objective blong hemi fair an benefit hem kamap from yus long resources ia olketa shearim fairly, where hem contribute for lukaftarem an yusim longtaem nao disfala biodiversity an implimentim three fala objectives blong CBD.

Why nao disfala Nagoya Protocol hemi important fo yumi?

Nagoya Protocol hem been creatim greater legal certainty an transparency fo disfala provider an user blong genetic resources ia fo:

1. Establishim more predictable condition for save yusim genetic resources;
2. Help fo meksua dat benefit-sharing taem genetic resources olketa livim kantri by hem providim genetic resources.

Taem yumi help fo ensure dat benefit-sharing hem must waka, Nagoya Protocol hem creatim incentives for conserve an sustain yus fo genetic resources. Diswan hem help fo kamapem contribution blong biodiversity for develop an human wel-being.

Nagoya Protocol, Traditional Knowledge an indigenous an local communities

Nagoya Protocol hem addresim traditional knowledge where hem associate wetem genetic resources wetem provision hem save accessim, an benefit sharing an compliance.

Hem also addressim nao genetic resources where olketa indigenous an local community olketa been establishim rights fo olketa save accessim.

Olketa contracted parties must tekem measures for ensure dat olketa communities ia must talem olketa fastaem an agree wetem fair equal benfit sharing and watchout fo olketa community laws an procedures an also customary use an exchange.

Under long disfala Nagoya Protocol samfala obligation olketa kantry must meetim

Long National level yu must:

1. Creatim legal certainty ,hem clear and transparent;
2. Hem providem fair an collective rules an procedures;
3. Kamapem wanfala clear rule an procedures prior informed; consent an everiwan must agree wetem olketa terms ia;
4. Yu save givimaot permit taem olketa givim someone access;
5. Kamapem ways fo promotim an encouragim research for helpem biodiversity conservation an sustainable use;
6. Looksave long cases blong current emergencies where hem save threatenem health blong olketa human, or animol or plant;
7. Looksave long importance blong genetic resources long side long food an agriculsa fo food security.
