Dear Naheed,

**Re: PACIFIC ADAPTATION TO CLIMATE CHANGE FULL SIZED PROJECT**

On behalf of the Secretariat of the Pacific Regional Environment Programme and, in my capacity as the Director, SPREP wishes to pledge USD 100,000 as co-financing support towards the PACC project. This support includes management staff time and office space.

We look forward to the GEF's approval of this most important project to support our climate change adaptation effort at the national and community level.

Sincerely,

  
Asterio Takesy  
Director
