# Porokaramu takore ngangaere kikino

Eradication Program in Progress

Te takore ia nei te Pokutekute i runga ia Mauke nei. Tei te aranui i Uriaata anake teia tita te ngai kite ia ai. Me kite to mata i te pokutekute, e akakite atu ki te opita o te Tu'anga Taporoproro.

Ka anoano ia taau tauturu i te takore'anga i teia ngangaere kikino, kia kore e kino te tupu'anga o te maire e te rakau enua.

An operation to eradicate Red passionfruit (*passiflora rubra*) is being implemented by the National Environment Service. Red passion-fruit is only found along the Uriaata Road. When you see this plant please report it to the Mauke Environment Officer.

Help us remove and stop the spread of this invasive weed, to preserve the growth of the maire and native plants on the island.
