

# WHAT YOU CAN DO TO HELP

ADDRESS THIS ISSUE  
IN OUR PACIFIC

Learn where you can have your used oil disposed of, or managed properly - what facilities are in place in your country?

Raise awareness and understanding, have that conversation today about used oils. The more people are aware, the more people can move together to make a difference.

You too can play a part of the system: put into place changes so you use less oil, become part of the solution to lower the amount of used oil generation in the Pacific.
